AREW Celebrates With Festive Members Only Luncheon

Once annually, the Association of Real Estate Women (AREW) hosts a members only luncheon, a traditionally festive event where members network, enjoy a fabulous meal, receive updates on the year to date and share in the announcement of the annual Founders' Award recipients.

This year, AREW members came together at Café SFA at Saks Fifth Avenue. Vice President Jane Lyons, Rhodes Associates, provided a status report of the year to date, consisting of well-attended, news-making luncheons, tours, seminars and receptions.

The Founders' Award recipients are selected by the current President, in this case, Erin Bond, New York Law School, and honor AREW members who have made significant contributions to the association. The 2014 recipients were past President Lina Telese, Zetlin & De Chiara, presented by past President and 35th Anniversary Gala Chair Debra Cole, HLW International, and past President Jennifer Carey, JLC Environmental Consultants, presented by Rochelle Crespi, Guardhill Financial.

Founded in 1978, AREW is the first association founded in the U.S. for women real estate professionals, the largest such organization in New York City and a chapter of CREW (Commercial Real Estate Women) Network. Innovative, visionary and vital, AREW provides a rich and varied schedule of educational, skill building and career and business development networking opportunities. Visit arew.org for more information.
